EDUCATION

Mercyhurst University, Erie, PA

Bachelor of Arts: Information Technology

Minor: Business Administration and Business Economics

- Dean's List Scholar, 2016-2018

GPA: 3.68

Graduation: May 2018

RELATED EXPERIENCE

RendrFX, Inc., Erie, PA

2018-Present

Software Engineer, Intern

- Wrapped API routes and endpoints in unit tests and created helper modules to facilitate the development of new tests
- Reworked internal tooling script to query Firebase serially using a recursive algorithm, to allow operations on the data that would otherwise be too large for the V8 engine to handle
- Fixed bugs and refactored code to adhere with modern JavaScript standards and improve readability

Mercyhurst University Tutoring Department, Erie, PA

2016-Present

MIS/CIS Student Tutor

- Provided individualized and group assistance to students in the following courses: Programming I-II, Algorithms, Database Management, Linux/Operating Systems, Intro to Internet Programming, Client-Side Programming
- Guided students with the design and construction of programming projects

PROJECTS

Stickyboard

2017

- Developed minimalist to-do list SPA on the MEAN stack.
- Implemented endpoint authentication using JWTs

Book Exchange API (Hyland Hackathon)

2017

- Designed and developed REST API (MVP) using Node.js and Express for book marketplace web app
- Designed MongoDB database and ODM schemas using Mongoose.js

Finger Paint Mobile App

2014

- Developed a simple cross-platform finger drawing app using Lua along with Corona SDK
- Implemented clear, undo, brush sizing, and color picking functionalities
