RELATED EXPERIENCE

Software Engineer, Intern

RendrFX, Inc., Erie, PA

Jan. 2018 – Apr. 2018

- Developed unit tests for platform's REST API routes and endpoints
- Developed utility modules to facilitate the development of new tests
- Reworked internal tooling script to query Firebase serially using a recursive algorithm, to allow operations on the data that would otherwise be too large for the V8 engine to handle
- Fixed bugs and refactored code to adhere with modern JavaScript standards and improve readability

MIS/CIS Student Tutor

Mercyhurst University Tutoring Department, Erie, PA

Sept. 2016 – May 2018

- Provided individualized and group assistance to students in the following courses: Programming I-II, Algorithms, Database Management, Linux/Operating Systems, Intro to Internet Programming, Client-Side Programming
- Guided students with the design and construction of programming projects

EDUCATION

Mercyhurst University, Erie, PA

Bachelor of Arts: Information Technology

GPA: 3.68

Minor: Business Administration and Business Economics

Graduation: May 2018

- Dean's List Scholar, 2016-2018

PROJECTS

Stickyboard
